Stasia's Bakery started after a mid-life crisis. After spending 17 years working in the Internet industry, Stasia decided to change careers. She considered joining the circus, or becoming a sea lion rehabilitator, but her family suggested she find something closer to home. "Mommy, you make great cake!" Stasia's young daughter exclaimed, and the business was born. Five years later, Stasia offers premier event cakes. Her cakes have been served at presidential inaugurations, weddings, cotillions, holiday balls, Bar Mitzvahs and Bat Mitzvahs.

Request business verification on Google Maps

Google's normal verification process is to mail a code to the business address. We're expediting this process for businesses at partner-hosted workshops. Our team will manually verify your business info, so you do not need to wait for the code or take any additional action when it arrives.

Be sure to follow the step by step process for verifying your Google My Business listing, and click "Mail me my code." Then click "Send postcard." If you do not go through all of these steps, we will not be able to verify you.

• Required

Your Name •
First & Last

Business name, city: •
This should be the official name, as it will appear across Google. For example, "Whitney's Bakery, Des Moines."

Google username: •
This is the email address you used to set up your Google My Business account, like gybotesting@gmail.com. It is often a Gmail address, but it could also be another email address registered as a Google Account.

While verifying your page, did you click "send postcard" to receive your verification code in the mail? *

If your answer is no, we won't be able to manually verify your business. Be sure to follow all the steps while creating and verifying your account. (Don't worry, you can ignore the postcard when it comes.)

☐ Yes, I clicked to send the post card

THANK YOU
